

Kindergarten 2022-2023

Session Preference Form

Requests for A.M. or P.M. session will only be considered **AFTER** all registration materials are complete. If your child has had a dose of missing immunizations and you are waiting until the next dose may be administered, then your request will be considered. Class placement decisions are made by the school to balance classes based on various student needs. We do our best to place students per parent request but remember that this is only a session request and is NOT a teacher request form.
